## Cabin # 20

(North Meadow)

### Cabin # 20

In early Lodge history, this Cabin was used by the Resort "Wrangler" and his family. Renovated in 2005, the three bedroom, two bath Cabin features extensive stonework on the outside, knotty pine paneling, original pine flooring, stone/gas log fireplace, washer/dryer, and views of North Meadow and wildlife habitat areas. The historical significance, intimate feeling and architectural beauty of this Cabin have made it a favorite resort staff and guests.
